A GREEN COMPANY!

Our Wines and spirits are produced using technologies, energy sources and raw materials that help us reduce the environmental impact in terms of CO2 emissions, waste production and consumption of natural resources

ITALIAN APPELLATIONS

In Bottega, we are ambassadors of the Italian excellences, protected by the Consortiums and their denominations.

Denominations, both in wines and food, identify what is unique, unmistakable and incomparable. It means that the product is made in a specific area according to specific rules and exacting standards. It embodies history, tradition and the locations where it has been cultivated for centuries.

BRAND HISTORY

Bottega has a history of four centuries in the world of wine and grappa. Since the 17th century, our ancestors cultivated the vine as tenant farmers. Now, our wines, grappa and liquors are appreciated around the world, thanks to the creative technical innovations and original design.

4 wineries and 1 distillery based in some of the most prestigious and historical areas of Italian viticulture. Our home is only 50km away from the city of Venice, a lodestar of both art and culture and a constantly reassuring presence. Over the years, we have created a concept aimed at enhancing and sharing our Italian wines, genuine food and lifestyle, all over the world and in different environments, from airports to hotels and shopping centres.

In 2014 the first Bottega Prosecco Bar opened on board a cruise ship in Scandinavia. Since then, a number of stunning locations welcome you around the world!

Enjoy the experience!
