Aircraft Clearance Distances

Is the aircraft stand clear
whilst an aircraft is
entering or exiting the
stand?

No GSE, vehicles, personnel or obstacles
must be within the stand footprint during
an aircraft arriving or departing the stand.

Aircraft clearance and separation distances are
different for each aircraft variant. It is the aircraft
marshal's responsibility to ensure these clearances are
achieved. If ever in doubt, STOP the aircraft and
remove the obstacle prior to resuming marshalling the
aircraft onto stand.

The following minimum clearances between an
aircraft entering or exiting the stand and any adjacent
building, aircraft on another stand
and other objects must be achieved.

Code A	Code B	Code C	Code D	Code E	Code F
3m	3m	4.5m	7.5m	7.5m	7.5m
C152	B200	737	757	777	747-8
C172	L45	A320/21	767	747-400	AN124
PA28	CRJ200	E170-195	A300	787	
	C550	G650	IL-76	A330
