

AERODROME SAFEGUARDING MAP LONDON STANSTED AIRPORT

Reference: 71332-IFP-001-EGSS

See file 71332-IFP-002-EGSS V1 20/05/2022 for details of the IFPs and OLS safeguarded by this Map.

If a proposed development exceeds the permitted height, a more in depth IFP assessment shall be required by Approved Procedure Designers to ascertain which specific procedures and surfaces are affected.

Legend:

- All developments should be notified.
- All buildings, structures, erections and works exceeding 10 metres in height (32.8 feet) should be notified.
- All buildings, structures, erections and works exceeding 15 metres in height (49.2 feet) should be notified.
- All buildings, structures, erections and works exceeding 45 metres in height (147.6 feet) should be notified.
- All buildings, structures, erections and works exceeding 90 metres in height (295.3 feet) should be notified.
- All buildings, structures, erections and works exceeding 180 metres in height (590.5 feet) should be notified.
- All buildings, structures, erections and works exceeding 360 metres in height (1181.1 feet) should be notified.
- All applications with potential bird attractant developments such as waste disposal sites, biomass plants, reservoirs, sewage works, major landscaping schemes, areas of water and bird sanctuaries.

TOWN AND COUNTRY PLANNING (General Development Procedure) Order 1995

TOWN AND COUNTRY PLANNING (Safeguarded Aerodromes, Technical Sites and Military Explosives Storage Areas) Direction 2002

This map is issued in accordance with the above Direction and is the official safeguarding map for London Stansted Airport. Required consultation as indicated by this map shall be addressed to the aerodrome owner or operator as appropriate, who is the statutory consultee for the purposes of the above Direction.

The address for all such correspondence is:

The Safeguarding Authority
London Stansted Airport
Bassingbourn Road
Stansted
CM24 1QW
