RESTART OF PASSENGER OPERATIONS – PREPAREDNESS SURVEYS

As the industry prepares for the recommencement of passenger operations this summer, EMA has been reviewing the covid measures and operating plans that we have in place across the airport site.

In order to help us understand any measures you are implementing and the impact that this may have on the wider operation, please can all passenger operating companies complete the following survey questionnaires by Friday 14th May 2021.

If you don't envisage operating until later in the summer, please can you notify compliance@eastmidlandsairport.com and a date for completing the questionnaire can be agreed.

There are links to two questionnaires below – one for the airfield and one for the terminal. If your company operates in both areas, please could you complete both surveys including the information relevant to that area.

Restart of passenger operations questionnaire – Airfield
