

SAFETY CODE

I always check my work environment is safe before I work

My tools, equipment, PPE and workspace are set up correctly for safe use.

1

I always follow safety procedures

I follow the guidelines and stay safe in what I do.

3

I never do anything I think is unsafe

I trust myself to pause and address any safety concerns before carrying on.

5

Safe hands

I always make sure I'm trained and competent to do the job

My skills and knowledge are up to date in line with the requirements of my role.

2

I always speak up when I see something unsafe

Voicing concerns helps to keep everyone safe, including me!

4

I never walk by

If I see it, I sort it and report it

6
