

MANCHESTER AIRPORT GROUP ENVIRONMENT AND ENERGY POLICY

THIS CHARTER APPLIES TO THE MANAGEMENT OF ALL ACTIVITIES RELATING TO THE OPERATION OF MANCHESTER, STANSTED AND EAST MIDLANDS AIRPORTS

MAG's goal is to deliver sustainable growth in shareholder value, balancing the needs of our customers, passengers, employees and the communities in which we work, while maintaining the highest safety and security standards.

WE ARE COMMITTED TO:

- Protecting the environment;
- Complying with regulatory requirements, voluntary commitments and objectives including those within our Corporate Social Responsibility Strategy and Sustainable Development Plan;
- Continual improvement of our environmental and energy management systems and performance.

OUR TOP 5 PRIORITIES:

- Make our airport operations net zero carbon;
- Managing and improving energy performance and renewable energy usage;
- Limit the number of people affected by noise from airport operations;
- Prevent pollution from activities and developments at our airports;
- Minimise waste, promote recycling and eliminate waste we send to landfill.

WE WILL DELIVER THIS BY

- Strong environmental and energy leadership and governance;
- Defining, implementing, maintaining and reviewing our environment and energy management systems in line with environmental legislation, including for energy efficiency, energy use and energy consumption and the requirements of ISO14001 and ISO50001;
- Setting and reviewing environmental and energy strategies, objectives and targets;
- Considering environment and energy performance in our design standards, operational and maintenance processes and procurement of products and services;
- Make available adequate resources and information to achieve our environment and energy objectives and targets.
- Monitoring, measuring, auditing and reporting environment and energy impacts and performance each year;
- Communicating and raising awareness of environment and energy management to employees and sub-contractors;
- Influencing airlines, business partners, tenants, suppliers and contractors we work with.

A handwritten signature in purple ink that reads 'Ken O'Toole'.
