Manchester Airports Group (MAG) is the UK's largest airports group, owning and operating Manchester, London Stansted and East Midlands Airports, and a digital travel services business, CAVU.

In FY23, the Group served 54 million passengers and 261 destinations across its three airports. With catchments spanning the UK, around 70% of the population live within a two-hour journey of a MAG airport.

Together with CAVU, the Group employed over 5,800 colleagues at the end of FY23.
